

Instaquinn

User Manual

Instaquinn Version 1.0

Mobile App Details:

Features:

1. **Screen 1:** List of feeds, with multiple posts in one feed.
2. **Screen 2:** Calendar view with posts arranged according to the date. On clicking on any date all feeds on that date will be displayed.

Technology Used:

1. **Front-End:** React-Native, React functional components, and React Hooks. Error Boundaries are used for error handling in front-end. Used AsyncStorage for API caching for better user experience.
2. **Back-End:** Public restful API by Quinn care.

Download and install the app which is share in the below link.
